Coastal Engineering Co. honored with 2016 Business of the Year, two BRICC awards

12.05.16 — Coastal Engineering Co., a leading civil, structural and marine engineering firm on Cape Cod and The Islands, has recently been recognized by two different business groups for exceptional work in 2016. They have been awarded an outstanding Business of the Year by the Orleans Chamber of Commerce and have also received two BRICC awards from Home Builders & Remodelers Association of Cape Cod.

The Orleans Chamber Business of the Year Award recognizes local businesses that prove a strong commitment to the Chamber and its mission by achieving successful business practices, promoting employee self-growth and development, and demonstrating a high level of customer satisfaction and community service. Coastal Engineering Co. is proud to be a part of the town of Orleans's vibrant business community and participate in its economic growth while showing a strong commitment to Cape-wide philanthropy.

The BRICC Awards are presented biennially to outstanding builders, remodelers, architects, designers, and other housing-related professionals. This year, Coastal Engineering Co. has been honored with Gold in "Excellence in Engineering" (Cape Cod Bible Alliance Church) and Silver in "Best Marketing Program" (Rebranding) categories, adding to a Gold award received in 2012 and another Gold in 2014.

"The awards are a great honor and we are humbled to have been recognized. We would like to sincerely thank both the Orleans Chamber and Home Builders & Remodelers Association for putting their tru
