

February 1, 2012 – Orleans, MA

Coastal Engineering Co., Inc. is pleased to announce the addition of Roger P. Michniewicz, P.E., to its Marine Engineering Division. With over forty years of experience, Mr. Michniewicz conveys a wealth of knowledge and expertise in all facets of waterfront and site engineering projects including design, permitting, and client representation at regulatory hearings for residential, commercial and heavy construction projects.

Roger is a Registered Professional Engineer in the Commonwealth of Massachusetts and holds a Bachelor of Science degree in Civil Engineering from the University of Massachusetts, Amherst and a Master of Science degree from the University of Rhode Island. For the past twenty years, he has managed a private engineering consulting practice on Cape Cod, serving the local community on a wide variety of projects.

Coastal Engineering Co., Inc. is one of the leading engineering firms in this region specializing in civil, structural, and marine engineering and land surveying services.

Mr. Michniewicz can be reached by telephone at 508-255-6511 or by e-mail at rmichniewicz@CoastalEngineeringCompany.com.
